Target Market for this Product:

The features of this Product have been assessed as meeting the likely objectives, financial situation and needs of consumers who require a secured loan of between \$100,000 and \$25,000,000, repayable over a term of up to 30 years to finance the construction of property which may range from 3 dwellings on one title through to developers looking to complete construction of small to medium development projects.

1. The ability to borrow up to 70% of the value of the property
2. The flexibility of a variable rate
3. The option of principal and interest or interest only repayments

Outside of the Target Market for this Product:

Consumers outside the target market are consumers that:

1. Require a loan to finance the acquisition of an established property
2. Require a construction loan to build a maximum of two (2) dwellings on one (1) title.
3. Have material adverse credit; and
4. Are seeking to borrow through a self-managed superannuation fund.
5. Require a 100% Offset account.
6. Require Redraw facilities.

7 Key Questions for Every Multi Construction Scenario

1. Full address of the security
2. Land Value
3. Estimated Construction Costs (Fixed Costs or Cost Plus?)
4. GRV on completion
5. Current debt on property (if any)
6. What are they building? (e.g. 4 townhouses, 6 units, warehouse)
7. Are there any presales? (If so, how many)
